PROFESSIONAL SUMMARY

Computer Science student with a strong foundation in frontend development, passionate about building modern, responsive, and visually engaging web experiences. Skilled in HTML, CSS, JavaScript, and Tailwind CSS, with a keen eye for clean UI design and intuitive user interactions. Actively building real-world projects and seeking opportunities to grow as a frontend or full stack developer.

PROJECTS

Portfolio Website

Modern responsive portfolio with premium UI, smooth animations, and adaptive layouts built with HTML, CSS & JavaScript.

Weather App

Real-time weather application with REST API integration, displaying live data in a clean, responsive interface.

Expense Tracker

Dynamic expense management app with JavaScript-powered calculations, category tracking, and live balance updates.

To-Do App

Task management app with add, update, and delete functionality, built with vanilla JavaScript and a clean UI.

Notes App

Browser-based notes app with persistent local storage, allowing users to save and manage notes seamlessly.

Calculator

Responsive calculator with clean modern UI, supporting standard arithmetic operations via JavaScript logic.

EDUCATION

Bachelor of Science — Computer Science (B.Sc CS)

COCSIT College, Latur · First Year Completed

CGPA: 8.82
